

# When things don't go as planned...

#BetterRoadsAhead

When you hear the phrase “Bad Things Happen to Good People” it’s typically said in a sympathetic manner to help someone feel better about their situation. Usually, that’s where the phrase stops. Most often, while there are good intentions behind the words, there is simply no action taken to improve the situation. However, you’ll find it’s a different case here at ACE!

We’ve all dealt with situations in our life that caused hard times.

Things like:

- Defaulting on student loans
- Divorce or separation
- Unemployment or loss of hours
- Injuries and illness
- Foreclosure
- Past due medical bills
- Repossessions
- Bankruptcy

The list could go on and on for ages, but we are not here to try and trivialize the very real day to day struggles. Hard times are real, not just some headline in the paper. Not everyone’s stories and struggles are the same; however, there is one thing they all have in common, and that is that each of these individuals could use that helping hand! Here at ACE, we’re extending our hands to help people who have simply fallen on hard times.

Wherever you come from, wherever you’ve been, it doesn’t matter. There is always a hurdle to tackle no matter your experience in life and everyone needs a little help sometimes. Auto Credit Express is a group of down to earth humans who simply want to help. When you come to us for help, you’ll find that you are not just a number or statistic in our books. Helping people through their unfortunate financial circumstances and into an automobile that fits their needs is something we do for the satisfaction of knowing that we can lend a hand. Putting you in the position of rebuilding your credit and improving your overall financial future is our ultimate goal and priority.
